Integrated Degree with IAS Coaching Program

B.Sc (Hons) + UPSC Coaching

A leader in academic excellence, now offers a groundbreaking B.Sc program in Physics, Chemistry, Zoology and Computer Science Honours with specialized UPSC (Civil Services) coaching.

This innovative program enables you to simultaneously acquire a sought-after B.Sc degree while preparing for competitive government service examinations. Our esteemed faculty and dedicated UPSC coaching team provide comprehensive guidance, ensuring you excel in both your chosen specialization and UPSC preparation.

Our Degree with IAS Coaching program is a first-of-its-kind integrated pathway designed for students who aspire to prepare for the UPSC Civil Services Examination alongside a full-time undergraduate degree. This residential program offers early access to expert mentorship, structured UPSC preparation, and academic excellence — all under one roof.

The syllabus for the degree course is as per the **Utkal University, Bhubaneswar** Curriculum and the syllabus for the IAS & IPS exam will be given prior to each semester.

One Program. Two Dreams. Limitless Opportunities!

Why Civil Services?

The one and only designation where the common public's aspiration and needs are fulfilled through, is the service by Civil servants. She/He would have as much as power and authority to serve the common public, whenever it is needed. Neither, in terms of Power Grabbing nor Authority- restricts him/her while fulfilling the needs of the public. "Service to People is Service to God".

Entering the Civil Service at an early stage for any aspirant is an important factor, which would help him in reaching the highest level in the Indian administrative set up. The Integrated Course just commissioned by Jupiter provides such a wonderful opportunity for grooming the aspirants while they are doing their degree courses, to ensure that they are qualified for writing the Civil Services Examinations as well as preparing them fully to successfully compete in any prestigious examination, and ensure their entry in to the coveted service, much ahead of others.

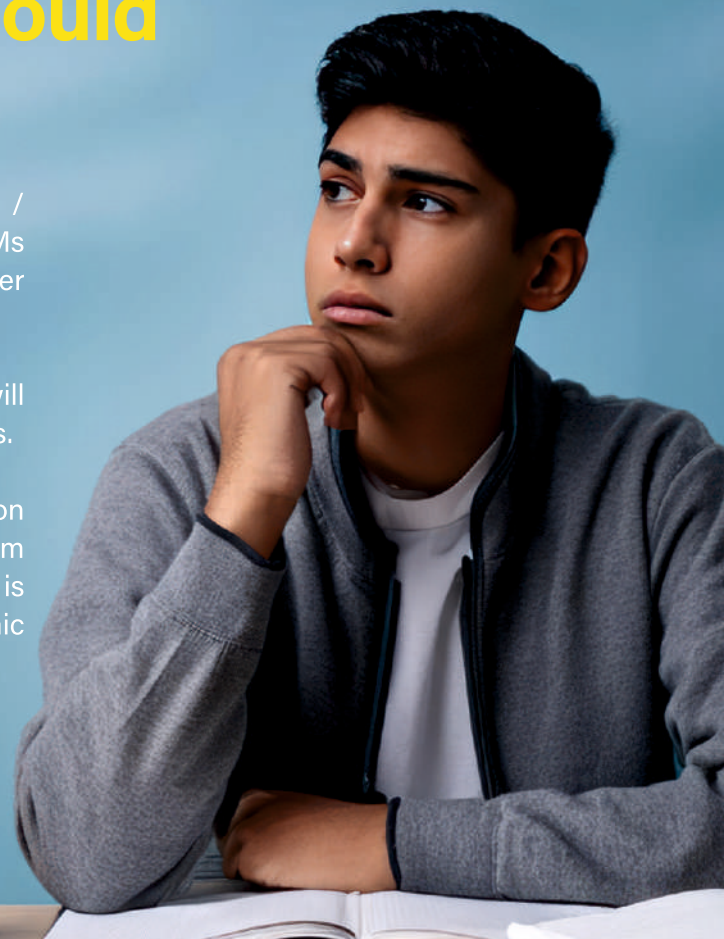

Why Preparation Should Start from Degree?

Many Students after doing B.Tech / M. Tech / M.B.B.S / M.B.A from Top Reputed Colleges like IITs, NITs, or IIMs choose Civil Services as the most prestigious career option.

People who prepare for Civil Services after Degree will have to spend 3 to 4 yrs of time preparing for Civil Services.

This shows that choosing Civil Services as a Career option from degree will make the students to achieve their Dream Goal at a Very Young Age. Learning at the age of (18 to 22) is very fast and long lasting as proved by many academic studies.

**Graduate Smart. Prepare Smarter.
Serve the Nation with Pride!**

The Most Prestigious Career Opportunities

- Can get the Best and the Most Prestigious Career which others can only dream of. This include IAS, IPS, IFS, IRS and Indian Railways, Indian Postal Service, Indian Forest Service and many more top Central Government Jobs.
- These candidates can be selected for Intelligence Bureau (IB Officers), SSC Officers etc.
- Apart from this, there are Wide range of State government (Group-1, Group-2 Officers) and Central Government posts which can be cracked by those who start preparation early.
- Can get into Highest Cadre bank Officers posts like Probationary Officers, or Higher Managerial Officer posts Of Reserve Bank of India and other well reputed national and global banks.
- Candidates who have prepared for Civil Services are given preference while recruiting for most of the Top Private Managerial Jobs.

Benefits of Integrated Degree- IAS Coaching Courses

01

Time Efficiency

Integrated courses save students the hassle of juggling between undergraduate studies and UPSC preparation by consolidating both under one curriculum.

02

Cost-Effective Solution

By combining academic and coaching fees, integrated programs often prove more economical than pursuing separate courses.

03

Strong Foundational Knowledge

Students gain an in-depth understanding of subjects essential for the UPSC exams, such as Political Science, History, and Economics, alongside their degree studies.

04

Enhanced Career Prospects

Even if students do not clear the UPSC exams, the degree equips them with knowledge and skills that are valuable in diverse career paths.

Why Jupiter's B.Sc Program?

Integrated B.Sc Curriculum with IAS Coaching:

Gain a comprehensive education in B.Sc subjects (Physics, Chemistry, Zoology and Computer Science) from Utkal University with dedicated IAS coaching, equipping you with the knowledge and skills for the Indian Civil Services Examination (IAS).

Specialized IAS Preparation Modules:

Benefit from focused IAS preparation modules, including training in general studies, current affairs, and the Indian Constitution, helping you master the UPSC exam syllabus and structure.

Career Readiness for Civil Services & Beyond:

Prepare for a wide range of career opportunities in the civil services, public administration, and government sectors, supported by internships, fieldwork, and IAS-specific coaching.

Regular Mock Tests and Performance Evaluation: Participate in regular mock tests, quizzes, and assessments tailored for the IAS exam, allowing you to track progress and improve performance in real-time.

Experienced Faculty and IAS Mentors:

Learn from experienced faculty and IAS mentors who provide in-depth guidance, insights into the IAS exam process, and strategies for acing both Prelims and Mains.

How we do it?

Holistic Learning:

Key Features of Our Integrated UPSC Program is its Comprehensive Curriculum which blends the undergraduate subjects with UPSC-focused modules, such as:

- Indian Polity and Constitution
- Economic Development and Social Issues
- Modern Indian History and World History
- Ethics, Integrity, and Aptitude
- One Optional paper. Sociology/Political Science

Regular Mock Tests and Evaluations:

Mock tests, answer writing practice, and real-time evaluations form the backbone of these programs, helping students identify and rectify weaknesses early on.

Personality Development:

Dedicated sessions for interview preparation, communication skills, and leadership training ensure students are well-prepared for the final stages of the UPSC exam.

Who Is This Program For?

This integrated B.Sc + UPSC program is ideal for students who:

- Have completed their 12th and want to combine a B.Sc degree with UPSC preparation
- Aim to start their civil services journey early, without wasting years after graduation
- Want to build a strong foundation in General Studies and Aptitude from day one
- Are committed to UPSC 2029-30, targeting success in both Prelims and Mains
- Need career counselling and expert guidance throughout their degree years
- Are ready for 3 years of focused, disciplined learning
- Understand the value of physical and mental fitness—through yoga, exercise, and a positive mindset
- Are prepared to sacrifice comfort today for success tomorrow

What Sets Us Apart?

Integrated Curriculum: Jupiter Degree College offers courses that blend degree education with UPSC prep. A strong academic base is key for UPSC success, so our program combines both seamlessly.

Expert Faculty & Mentorship: Our faculties are highly qualified and experienced in both academics and civil services coaching. They go beyond teaching, offering mentorship and smart study strategies.

Comprehensive Guidance: Students get full support in both academics and UPSC prep. Faculty provide insights, techniques, and one-on-one mentorship to boost performance in both areas.

Strategic UPSC Preparation: Our courses cover every stage of the UPSC exam. From basics to advanced, students receive structured, goal-oriented training.

Preliminary Exam Coaching: We offer focused coaching for Prelims, including GS and CSAT. Regular mock tests help students track progress and improve weak areas.

Advanced Learning Tools: In addition to traditional resources, we offer digital tools and online resources, such as e-books, recorded lectures, and interactive modules. These tools facilitate self-study and revision, helping students stay on track and enhance their learning experience.

Supportive Learning Environment: Creating a supportive and motivating learning environment is a priority at Jupiter Degree College. The academy fosters a collaborative atmosphere where students can engage in discussions, participate in group activities, and support each other in their preparation journey.

Motivational Support: Regular interactions with mentors, peer learning opportunities, and a positive atmosphere contribute to a conducive learning environment. This supportive approach helps students stay motivated and focused, which is essential for balancing degree studies with civil services preparation.

Our Mentor & Guide

Pradeep Kumar Mohanty, IAS (Retd.)

Mr. Pradeep Kumar Mohanty is a distinguished former IAS officer of Uttar Pradesh Cadre with an illustrious career spanning over three decades in public administration. As a mentor, Mr. Mohanty is uniquely positioned to guide our BSc + IAS aspirants on effective governance, ethical decision-making, and the disciplined preparation required to clear one of the nation's most valuable examination.

Upendra Tripathy, IAS (Retd.)

Upendra Tripathy, a retired IAS officer and the first Director General of the International Solar Alliance, visited our college to motivate students. His invaluable insights and regular guidance greatly benefit our students. Having a guide like him enhances each student's personal and professional growth, while his vast experience in civil services and international organizations provides deep learning opportunities.
